Dear Parents and Guardians,

The safety and security of our students is always our first priority. I am writing to share an important update about an incident that occurred on a bus during our dismissal route this afternoon. This afternoon Bus 11 was turning onto Green Tree Drive when the tail end of the bus scraped alongside the vehicle that was waiting to turn out of the street.

In response to this incident, the State Police immediately responded to the location. The Superintendent of Schools and Board of Education President arrived on site. An additional bus was brought to the location in case any students would need to use the bus to get home.

The Superintendent boarded the bus to determine the status of all the children. All of the children were safe and not injured in this incident. The Superintendent escorted the children off of the bus one at a time and spoke with each child's parent as they arrived at the location to pick up their child. Thankfully, no one was injured in this incident.

This incident has been appropriately reported to our Board of Education, Executive County Superintendent of Schools, and New Jersey Department of Education. We are all thankful that our students are safely home with their families this evening. Please feel free to reach out with any questions or concerns.

Sincerely,  
Jennifer Cenatiempo, Ed.D.
